Simplify doing business

Electronic Data Interchange (EDI)

Set course to future by farewell time-consuming and error welcoming procurement processes of the past. EDI connects company ERP Systems and provides a standardised communication with industry standard error prevention and correction.

INCREASE YOUR PROCUREMENT EFFICIENCY NOW, WITH:

- Automated document exchange (orders, invoices, etc.).
- Fast order processing along standardised document flow.
- Efficient processes and error prevention.
- Significant Workload reduction.
- Customized integration in your system via our experts.

Start securing your procurement

Simplify doing business

Open Catalogue Interface (OCI) & Integrated Data Interface (IDS)

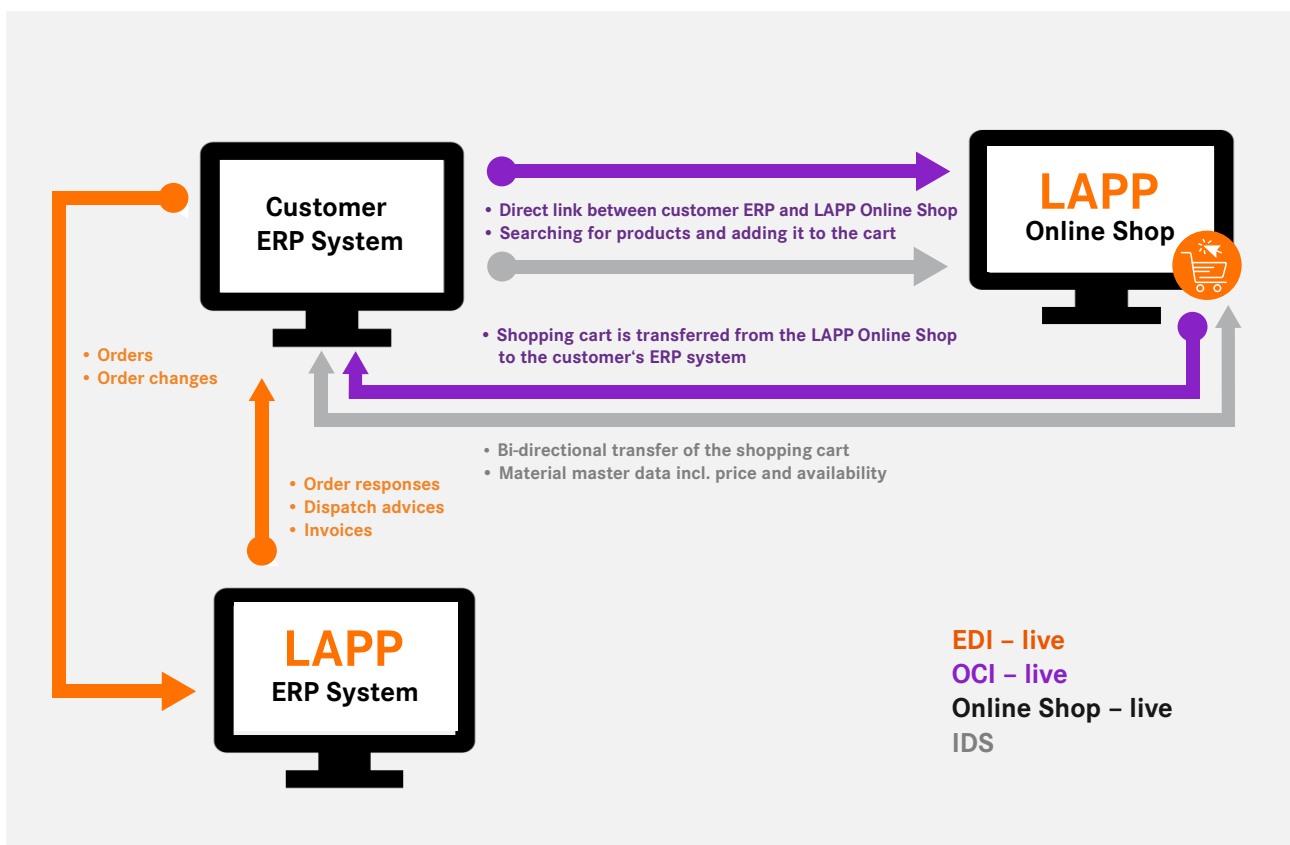

Speed up your procurements with improved quality - effortless.

GET DIRECT ACCESS TO OUR PRODUCT RANGE WITHOUT SWITCHING INTERFACES:

- Get LAPP expert support with the integration of the OCI or IDS.
- Reduce errors via standardised processes.
- Increase LAPP product portfolio and keep it updated in your systems
- Place, monitor and import (only IDS) procurement information within your systems.
